

Texas Trophy Whitetail Hunting

Texas offers "Trophy Whitetail Hunters" one of the nations highest deer populations along with guaranteed licenses, liberal bag limits, lengthy seasons, and many record book bucks! Magnum Guide Service's extensive whitetail management program combined with vast land holdings helped produce a 175 B&C, 166 B&C, 160 B&C, 156 B&C, 151 B&C, and over a dozen bucks in the 140 B&C class for our "Magnum Hunters!" Management goals are reaching new heights and will produce more whitetail bucks reaching 5 1/2

& 6 1/2 years of age than ever before. This fall, "Magnum Hunters" should experience the most outstanding season in Magnum Guide Service's 20 year history!

Magnum's whitetail ranches are very large, up to 35,000 acres each. Though the Texas deer season is 16 weeks long, Magnum only hunts their ranch's from one to three times during the entire season and only at the very best times. This recipe for success has consistently produced trophy bucks for their clients. All of the whitetail hunting packages include outstanding meals and exceptional lodges. Hunts are fully guided, either 1 x 1 or 1 x 2. "Trophy Buck Hunts" have liberal bag limits with up to 2 bucks, 3 does, and a Rio Grande gobbler. There are also affordable Management, Trophy Management and Antlerless deer hunts that are great for individuals or the entire family. Hunters may also hunt javelina, predators, and/or exotics for an additional fee. Magnum can easily accommodate individual hunters, up to large corporate groups. Excellent service is our specialty.

Magnum hunts their whitetails utilizing a variety of methods. Two and three man ground and tower blinds over feeding areas are most popular. Some blinds are complete with ramps for physically challenged hunters. Still hunting, antler rattling, and on occasion hunting from a high rack 4WD custom hunting rig safari style can also be very productive. Guides are well seasoned and leave well before daylight for the morning hunt, return for lunch late morning, and go back out for the evening hunt later in the afternoon. Those who choose to hunt all day will be accommodated. The rut in our area generally runs from November 15 through December 5, with a secondary rut around Christmas.
